Hi Elissa,

See attached. The last 2 slides are the additions.

Please let me know if you have any questions or additional edits. I'll be finalizing this and sending it to the IO by COB today (i.e., 5PM). If you need more time, please let me know.

Thanks,
Carolyn Schroeder

Thank you. Just want to give you a heads up that, as mentioned in the Monday PRD/HED BC meeting, we will add a slide on the changes in the Q3 DRA schedule. Also, Rick asked that we include a slide on the overall progress for the reg review program. Please let us know if you have any questions or concerns. We are aiming to address all the comments by COB today. Thanks.

Please see the attached draft presentation and let us know if you have any comments by noon tomorrow if possible (let me know if you need more time). As noted by Carolyn below, the science teams have already reviewed the draft and we have considered their comments. Also, the agenda for Thur's meeting is as follows, thanks.

10-10:30. BPPD – 30 min (RNAi)
10:30 – 10:45. RD – 15 min (milestones for new chemicals due in 2018)
10:45– 11:00 AD – 15 min (PIDs, etc.)
11:00 – noon. PRD – 45 min (PIDs and an ID for Q3)

Good afternoon,

The CRMs and TLs have updated the slides to address your comments. Attached is the revised presentation to send around for DD review. It is also available in Sharepoint at this link: Monthly Chemical Meeting Q3PIDs draft 5_16_17.pptx.

Since Program Review is on Thursday, May 18 (10AM – 12PM), I plan to send the 4 presentations (RD, AD, BPPD and PRD) to the IO by COB Wednesday. If the divisions can get their **comments back to me by noon tomorrow**, that should leave enough time for PRD to make any edits.

Please note that the science teams (HED and EFED) have reviewed the slides in advance of PRD management review. Although there has been some revisions since their reviews, the message/content has remained similar. Most edits have been clarifications or clean-up.

Here's the proposed agenda for Program Review:

10-10:30. BPPD – **30 min** (RNAi)
10:30 – 10:45. RD – **15 min** (milestones for new chemicals due in 2018)

10:45– 11:00 AD – **15 min** (PIDs, etc.)

11:00 – noon. PRD – **45 min** (PIDs and an ID for Q3)

Thanks,

Carolyn Schroeder
